**MICRO 3S & 4S**

## Strider MICRO 3S & 4 S

The all new **Strider Micro 3s & 4s** from Days Healthcare have been designed to be both portable and lightweight, with ease of use in mind. Key features, including a 3 step dismantling system, allowing the **Strider Micro** scooter range to be easily dismantled within seconds – just by simply gripping the lifting handle while holding in the latch button, tilting back the handle, you can lift the front end right off, making it even easier for the product to be transported in your car. Another feature is wireless connections, ensuring the Scooter can be assembled as easily as it was taken apart, because there are no wires or plugs to connect. Lifting the scooter has been another consideration for ease of use, with the heaviest component weighing only \*14.5 kg / \*\*12.5 kg , all of this and a user weight of 115 kg (18 st) really does make the new **Strider Micro** range the perfect travelling companion.

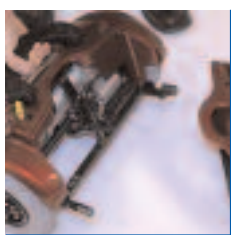

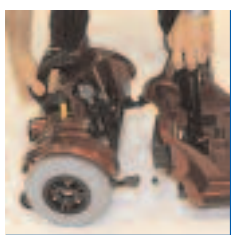

\* Strider Micro 3S / \*\* Strider Micro 4S

### Features - 3 or 4 wheeled models available

- Fantastic split frame that breaks in to two parts for both storage and transportation purposes - It couldn't be simpler!
- Easy to operate soft outer edge tiller adjustment knob - providing better grip for all users
- Front bumper comes with built in lifting handle for easy handling and loading
- New easy to operate tiller lock device
- Standard features - Including a mirror, seatbelt and puncture proof tyres
- S-Drive PG Controller which provides a built in anti-roll back system which means the Micro is even more stable on inclines
- "GRIP DRIVE" throttle control - easy to operate controls providing more comfort and grip while manoeuvring
- Auto detaching wireless battery box that is quick and easy to use - no cables or plugs to worry about
- Attractive new metallic colours available - "Days" blue as well as the ever popular cherry red

### Specifications
